

**alta™ guestroom**

**alta™ guestroom**

## **make your guests feel at home.**

Guests coming in and out, conferences, dining, meetings, and more! The hospitality environment is complex but protecting your fabric doesn't have to be.

Alta™ is developed and engineered to address the conditions we live in. Traditional methods of textile protection don't account for the fact that drapery and mattresses face completely different challenges. With Alta™ you can rest assured that the fabrics used in any application of the hospitality environment will perform for years to come.

## features & benefits

---

✓ FR Code Compliance:	NFPA 260/ CAL TB 117-2013
✓ Repellency (High):	AATCC 22 and 118
✓ Cleanability (High):	ASTM D1308/ CFFA 141 Method II
✓ Pilling (High):	ASTM D3511
✓ Abrasion (High):	ASTM D4157/D4966
✓ Seam Strength (High):	ASTM D4034

---

Alta™ offers the exact protection needed in any guestroom application  
so your beautiful design performs effortlessly.

# cleaning & care guidelines

Fabrics treated with Alta™ are exceptionally easy to clean and maintain.

**1. Liquid spills:** Don't wait!

Blot liquid quickly and gently with a clean, dry, absorbent cloth. If liquid remains, continue with gentle blotting. Gently remove any soil or debris from the surface.

No rinsing needed.

**2. If any residual spot remains:** Flush liberally with warm water and blot with a clean, dry, absorbent cloth. Change blotting cloth surface frequently, until spot is gone. (Avoid brushing which can spread the stain!) Repeat process until spot has been removed. Finish with final warm water rinse and blot.

**3. For difficult or stubborn stains:** Mix 2-3 drops of any mild laundry detergent with 1 cup of water and apply to soiled area. Gently work solution into the area, wait several seconds and blot the spot with a clean, dry, absorbent cloth. Repeat until spot has been completely removed. Rinse thoroughly with warm water and blot to remove any soap residue. (Be thorough here: soap not rinsed away in the fabric can cause a recurring stain!)

## **Join the Resistance.**

We exist to transform the contract textiles world by challenging the status quo.

We don't make or sell fabrics; we make them better with transformative technologies and certified testing that redefine what it means to be "high performance."

Guest room textiles are no exception. Our formulations are engineered to meet the particular needs of these environments, so when real life takes hold — no matter where that happens — your fabrics will perform and endure beautifully.
