

List of Cleaners

Alta™ has been tested against 40-50 different cleaners that fall into the three categories of cleaning chemicals used in medical facilities (Peroxides, Bleach, and Quaternary cleaners). Alta™ has been resistant to all these cleaners and effective. We also have a remarkable record of no field failures in these facilities. Below are just some of the many cleaners that have been tested:

- Virox™ 5 RTU Wipes
- CaviWipes® XL
- Virex® II 256
- Super Sani-Cloth Wipes
- Oxivir® Tb
- Wex-Cide 128
- OxyCide™
- Oasis® 146
- TB Disinfectant RTU
- Isopropyl Alcohol
- 10% Bleach
- 20% Bleach
- Formula 409®
- Zout® Stain Remover
- Hand Sanitizer
